DECATUR MANOR

Dedicated to the treatment
and recovery of individuals
with chronic mental illness.

Decatur Manor is a Specialized Mental Health Rehabilitation Facility (SMHRF) for individuals with chronic mental illness.

Decatur Manor Healthcare provides a 24-hour, 7-day-a-week crisis intervention, assessment and admission service. Our staff of registered nurses, certified nursing assistants, mental health professionals, consulting psychologists, psychiatrists and medical physicians provide confidential assessments and care plans for the consumers.

Our goal is to assist consumers in the development of positive behaviors and skills needed in order for successful functioning, while allowing them to live as independently as possible in the community.

“We want our consumers to function as independently as possible and to succeed in reaching their goals!”

Ruth Huber, Administrator
